

Scholarships are awarded each year to full-time students demonstrating the academic and personal qualifications identified by our donors for the scholarships they sponsor. We're pleased you have chosen to apply.

Academic achievement (GPA of 3.0 or higher on a 4.0 scale), significant leadership in the church and community, and potential for ministry are important factors considered in these awards. You must be admitted to a degree program in order to be awarded a scholarship. You must also file the FAFSA in order to be considered for need-based aid (grants and federal work-study).

The deadline for scholarship applications is Jan. 17, 2017. As a scholarship applicant, you must be available to come to the MTSO campus on Feb. 20 and 21, 2017, for the scholarship interview process.

ESSAY

Challenges that face our world and our communities are often repeated throughout history. However, they take on new shapes based on their current contexts. Below are four topics that the United States and other countries continue to encounter. Choose one topic. Then find three current articles (published within the past year) that address that topic from different angles. Summarize each article's stance and include citations for each. Use the authors' perspectives, along with your own, to explain how the topic of choice might impact your current and future professional life and how you might impact the topic. (Length: 1,500-2,000 words.)

- **Black Lives Matter**
- **Equity for Women**
- **Workers' Rights**
- **Water Scarcity**
