Master of Divinity (M.Div.) Mission and Goals

We live in a rapidly changing and complex world in need of the reconciling love of God and the liberating message of the gospel. The Master of Divinity (M.Div.) prepares persons who will seek, embody and proclaim God's good news that liberates individuals and communities from personal or systemic brokenness. The program prepares students to practice and lead theological reflection with others in ways that promote ministries of personal wholeness, faithful and hospitable community, and justice.

1. Graduates will be able to understand, appreciate and respectfully interpret our Christian heritage so it becomes a compelling and transformative vision for the present.
2. Graduates will provide theological leadership to critically engage the contemporary world through practices of theological reflection, worship, prophetic witness and ministerial empowerment.
3. Graduates will grow in God's grace personally and spiritually so as to be of prophetic service to church, faith-based organizations and world.

Master of Theological Studies (MTS) Mission and Goals

The Master of Arts in Theological Studies (MTS) provides a broad foundation in Bible, Church History, Theology, Ethics, and Interreligious Contexts. Students pursuing this degree will gain skills for participating intelligently in public discourse about religious issues and in some fields may be prepared for further study in an advanced degree. Beyond the introductory levels of these disciplines, MTS students are required to concentrate in one field and achieve sufficient depth to be able to do the following:

1. Read the literature of the discipline with understanding.
2. Intelligently discuss the major topics of that discipline.
3. Conduct relevant research in this discipline for competent nonprofessional writing and teaching.
4. Engage in creative and critical reflection on the contemporary world from the perspective of this discipline.

Faculty Advising and Degree Audits

The relationship between student and faculty advisor is considered central to the educational experience at MTSO. Faculty advisors are responsible for assisting students with developing a plan of study, selecting courses, and identifying resources for further consultation. Academic Affairs is responsible for providing students and advisors with annual degree audits. Students are responsible for ensuring that their specific academic, vocational, and denominational requirements are satisfied. MTSO is not responsible for calling attention to deficiencies in a student's plan of study unless those deficiencies are the basis for disciplinary action.
